

Tejas AIO PCs

The Holoware All-in-One computer is designed for seamless integration into both home and office environments, featuring powerful processors from the Intel 12th Gen Core i3, i5, and i7 series. It delivers robust performance for a variety of tasks, ensuring efficient and effective operation for professional and personal use.

For graphics, it includes integrated Intel UHD Graphics, ensuring smooth visuals for everyday applications. Memory options start at 8GB DDR4 RAM, with expansion capabilities up to 32GB DDR4, catering to multitasking and intensive applications.

Storage is versatile, offering a minimum of 512GB NVMe M.2 SSD, expandable up to 2TB SATA SSD or NVMe SSD, providing ample space for all your files and applications. Connectivity options include Wi-Fi 6 and Bluetooth 5.2 for fast, reliable wireless connections, as well as multiple USB ports, HDMI, and Ethernet for robust connectivity.

The all-in-one design incorporates built-in 2x stereo speakers for an enhanced audio experience, a choice of HD cameras (720P, 1080P, or 1080P with IR) for superior video conferencing capabilities, and an optional pop-up camera. Additionally, it offers an optional 50Wh battery for extended mobility and flexibility.

Backed by a 3-year onsite warranty and remote support, the Holoware All-in-One computer combines performance, reliability, and support, making it a perfect choice for a wide range of users.

- **Business or Office Use** : Optimized for office environments, providing reliability, security, and multitasking capabilities. It efficiently handles business applications, virtual meetings, and extensive data processing tasks.
- **Creative Content Creation** : Ideal for digital artists, animators, and content creators who need powerful hardware for rendering 3D models, producing animations, and editing high-resolution media files smoothly.
- **Home Office and Remote Work** : An excellent choice for remote workers and home office setups, offering the power and versatility needed to manage work tasks, online meetings, and collaborative projects seamlessly.
- **Education and E-Learning** : Well-suited for students and educators engaged in online learning, providing the performance necessary for running educational software, conducting research, and participating in virtual classrooms

AIO Specifications

Performance

Processor

Intel Core i3 12100 (4 Cores, 8 Threads, 12 M Cache, Base clock 3.3GHz, Max Boost Up to 4.3GHz)

Intel Core i5 12400 (6 Cores, 12 Threads, 18 M Cache, Base clock 2.5GHz, Max Boost Up to 4.4GHz)

Intel Core i7 12700 (12 Cores, 20 Threads, 25MB Cache, Base clock 2.1GHz, Max Boost Up to 4.9GHz)

Graphics

Integrated Intel UHD Graphics

Chipset

INTEL - H610, Q670

Memory

Minimum 8 GB DDR4 RAM (3200Mhz)

Memory Slots

Intel H and Q Series

2 DIMM slots, expandable up to 32Gb

Storage

Minimum of 512 GB NVMe M.2 SSD

Expandable Storage

Up to 2TB SATA SSD, Up to 2TB Nvme SSD

Speakers

Built in 2x Stereo Speakers - 3W x 4 Ohm

Camera

3 MP with an optional pop up camera

Microphone

Digital Microphone (D-MIC) for superior audio quality and clarity

Battery

Optional 50Wh battery, providing users with flexibility for mobile usage and extended runtime when needed.

Power

120W/ 19V, 6.32 A

Design

Display Size

5.6 cm x 1.6 cm x 4.6 cm

Display

Up to 27" FHD IPS (100% sRGB coverage) supports 1920*1080 or 2560*1440

Keyboard

Wired or optional wireless keyboard

Color

White

Case Material

Plastic

Dimensions

Length: 29.3 cm * Width: 15 cm * Height: 38.8 cm

Weight

5.2 kgs

Software

Operating System

Windows 11 Pro

Bundled Software

Protegent antivirus, Office Home and Student 2021 (optional)

Office standard 2021 (optional), Office professional 2021 (optional)

Connectivity
